**Subject:** RE: M&B EES draft

Hey Sarah,

I should have asked you on the phone earlier today, are you still aiming to have the EES done in time for the 5YR? That was my understanding, but I wanted to double check so that we can time the EES with UPRR accordingly. If the EES's are done by September then they can get documented in the 5YR.

Please let me know.

Thanks,

Anne

**Subject:** M&B EES draft

Hi Annie-

Please see the attached McCormick and Baxter draft EES with Charlie McCormick, which was reviewed by DEQ and our attorney at Department of Justice. Please note the draft McCormick EES will need to be reviewed by the University of Portland, the potential prospective purchaser, sometime in the future. Since the railroad property doesn't involve UofP, I think the current draft should give you a good starting point.

Also we should schedule some time to check in on the project over the phone.

I have a few questions for you regarding the 5 year review and the timing of the Portland Harbor

ROD.

I believe the cooperative agreement ends/up for renewal in September 2016. Since I am new to this process I'll figure out how early we need to start the renewal.

Thanks-

Sarah
